REDUCE CLEAN-UP TIME AND HELP PROTECT HANDS WITH POWERFUL TUB-O TOWELS®

***Durable Multi-Purpose Wipes Easily Cut Through Grease,
Grime and Adhesives Without Harming Hands***

CLEVELAND – Dirt, grease and other industrial-strength soils are no match for Tub-O Towels® from Gasoila Chemicals, a specialty chemical division of Federal Process Corporation.

Pre-moistened, durable Tub-O Towels easily remove grease, dirt, adhesives and other tough soils found on many work surfaces and in many industrial environments.

Tub-O Towels feature a fast-acting, citrus-based chemistry fortified with glycerin, jojoba, vitamin E and aloe vera skin protectors. The non-toxic, anti-bacterial wipes are gentle on hands and reduce hand-washing time, improving on-the-job productivity.

“Tub-O Towels are the perfect solution to the tough greases and other soils found in industrial environments,” said Dave Johnson, National Sales Manager for Gasoila Chemicals. “With their powerful cleaning action, Tub-O Towels are a great surface cleaner and an important tool for any plant manager, maintenance technician or contractor.”

The towels are offered in several sizes and packages, including durable 10-in. by 12-in. single-towel packs (25- or 100-unit case); convenient, pop-open 90-towel re-sealable canisters (six canisters per case); or new smaller, pop-open 40-towel containers.

For additional product information, to place an order or to receive a free Gasoila product catalog or sample, please call (800) 846-7325 or visit www.gasoila.com.

Gasoila Chemicals, a Federal Process Company, offers a diverse line of quality products for the petroleum, plumbing, LP Gas, HVAC, automotive and general industrial markets. From industrial thread sealants and cutting oils to gas gauging pastes and industrial cleaning chemicals, Gasoila has long been the professional's choice for tough, reliable chemical products that get the job done.
