## FOR IMMEDIATE RELEASE

### FEDERAL PROCESS CORP. OFFERS ATTRACTIVE NEW MULTI-CASE TUB-O TOWELS® RETAIL DISPLAY

*Flexible 5-Case Modular Display Can Be Used Anywhere on Sales  
Floor; Towels' Power-Cleaning Formula Ideal for Technicians,  
DIYers*

CLEVELAND, OH – Tub-O Towels® heavy duty power cleaners, the automotive and DIY markets' premier disposable cleaning towels, are now available in an attractive pre-packed five-case retail display. Tub-O Towels are part of the Free All® and Lube-It All® family of automotive chemicals and related products from Federal Process Corporation.

Featuring a highly flexible modular design that enables store employees to easily remove and discard shelves once the product is sold, the new 2- by 5-foot retail display holds 30 TW-90 (90-count) plastic containers of large, 10- by 12-inch stay-moist towels. The display is shipped fully assembled and stocked and can be set up on the showroom floor in a matter of seconds.

Tub-O Towels heavy duty power cleaners remove even the toughest stains from the hands, work clothing and most hard surfaces. Automotive and industrial professionals and DIYers rely on these large, environmentally friendly towels to clean their hands, tools, equipment, counters and other surfaces soiled with grease, tar, ink, paint, "permanent" marker, RTV silicone, PVC primer and other materials.

The advanced Tub-O Towels formula contains lanolin, aloe vera and vitamin to protect and condition customers' hands as they clean.

For additional information regarding Tub-O Towels and to order a self-shipping 5-case display, please call toll-free (800) 660-6140, or email
