FEDERAL PROCESS CORP. RELEASES NEW FREE ALL[®] DEEP PENETRATING OIL 'BULLET' CAN

***Revolutionary Rust Penetrant Now Packaged in a More Ergonomic Can,
Same Fast-Acting, Powerful Formula for Service Shops***

CLEVELAND, OH, Feb. 13, 2009 – Free All[®] Deep Penetrating Oil, utilizing an exclusive formula that speeds repair time by freeing rusty, frozen parts faster, is now available in an attractive, “Bullet” style can.

The new Free All Deep Penetrating Oil 12-ounce Bullet can, featuring an improved, solid grip, is available at select auto parts stores nationwide. The new can style prevents slippage and includes a special straw-style applicator.

Free All utilizes a proven formula that quickly and easily dissolves rust and corrosion and prevents the need for torching, drilling, hammering and chiseling to free virtually any frozen fastener or part. Unlike several competing products in the rust penetrant category, Free All is silicone free, making it ideal for any bodyshop or service bay environment.

Free All[®] Deep Penetrating Oil is a leading product in the line of specialty chemicals available from Federal Process Corp. To learn more about the other unique, powerful chemicals in the Free All line, please visit the www.FreeAllOil.com Web site.

For additional information regarding Free All Deep Penetrating Oil, please call toll-free (800) 660-6140, email mspector@freealloil.com or visit the www.FreeAllOil.com Web site. Detailed information (including MSDS sheets) on the entire Federal Process line of automotive, industrial and DIY products is available online at www.FreeAllOil.com.
