Intake kits

Outlaw Power, a division of Envisia Technologies™, introduces several new intake systems for diesel applications. Starting with the introduction of systems for the Chevy Duramax 6.6L for model years 2001 to 2004, the company states it has added systems for the Chevy Duramax 6.6L for model years 2004 to 2005, systems for Dodge Cummins 5.9L for model years 2003 to 2005 and systems for Ford Powerstroke 6.0L for model years 2003 to 2006. Outlaw Power uses a contoured air filter top to increase airflow, reduce air turbulence and increase air-transfer efficiency. Visit www.outlawpower.com. (888) 342-4133
